Stevie Joe #2

Dear Al:

I have checked all of our records trying to locate something on the Stevie Joe #2 but have been unable to find any logs or files pertaining to it. I talked to Joe Abraham and he advised me the well was drilled then plugged and abandoned directly after drilling.

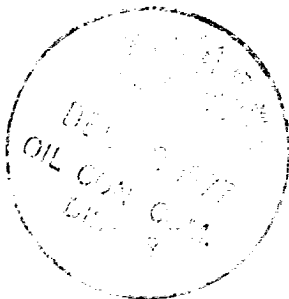

I will check the files in Albuquerque the next time I am through there to see if any information is available from that source.

Wish I could be of more help, but this is all the information I have been able to obtain at the moment.

Very truly yours,

Jack L. Cayias
