Att: Mr. W. G. Smith

Dear Sir:

We are returning Form C-110 which you have filed on your #1 Jicarilla-Apache "B" well in the NW 20-24N-5W. As Form C-110 is a certificate of authorization to transport oil or gas we will not be able to approve this form until you have designated a transporter.

I would suggest that on all wells which are waiting pipeline connection and upon which you have not designated a transporter that you hold Form C-110 until the transporter may be named.

Yours very truly
