If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

In response to BLM letter dated July 9, 1986, the following work has been completed in order to bring this well into compliance for final abandonment:

- 1.) The monument has been labeled with the lease number and quarter-quarter section.
- 2.) The cement slab, trash from the old pit area and all metal stakes have been removed.
- 3.) The pad and access road have been seeded with BIA's prescribed seed mix #6 obtained by restoration requirements from B.I.A. (S.M.A.s).
- 4.) The access road has been blocked off where it leaves the main bladed road.

This work has been completed and Dugan Production Corp. is notifying your office so that you can schedule an inspection.

It is our belief that the location is now ready for final abandonment.

18. I hereby certify that the foregoing is true and correct
