Dear Mr. Arnold:

Please find enclosed Form C-110 requesting permission to move 500 barrels of the 1,000 barrels on the subject lease. We have two (2) 500 barrel tanks on the lease. As the well has been shut in for approximately one month and prior to re-working, we will have to pump the well down and will need an empty tank for storage.

As stated in my letter of August 25, 1961, we plan to treat the well with mud clean up acid and test a few days to see if there is any improvement in the well.

I will check with you in Aztec before we commence our work-over to make sure everything is in order.

Very truly yours,

F. R. JACKSON
