

STATE OF NEW MEXICO
ENERGY AND MINERALS DEPARTMENT
OIL CONSERVATION DIVISION

IN THE MATTER OF THE HEARING
CALLED BY THE OIL CONSERVATION
DIVISION FOR THE PURPOSE OF
CONSIDERING:

CASE NO. 6935
Order No. R-6396

APPLICATION OF DUGAN PRODUCTION
CORPORATION FOR DOWNHOLE COMMINGLING,
SAN JUAN COUNTY, NEW MEXICO.

ORDER OF THE DIVISION

BY THE DIVISION:

This cause came on for hearing at 9 a.m. on June 25, 1980,
at Santa Fe, New Mexico, before Examiner Richard L. Stamets.

NOW, on this 22nd day of July, 1980, the Division
Director, having considered the testimony, the record, and the
recommendations of the Examiner, and being fully advised in the
premises,

FINDS:

(1) That due public notice having been given as required
by law, the Division has jurisdiction of this cause and the
subject matter thereof.

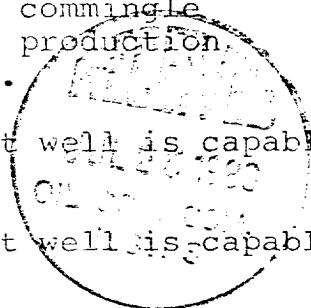

(2) That the applicant, Dugan Production Corporation, is
the owner and operator of the June Joy Well No. 2, located in
Unit B of Section 25, Township 24 North, Range 10 West, NMPM,
San Juan County, New Mexico.

(3) That the applicant seeks authority to commingle
undesignated Dakota and undesignated Gallup oil production
within the wellbore of the above-described well.

(4) That from the Dakota zone, the subject well is capable
of low rates of production only.

(5) That from the Gallup zone, the subject well is capable
of low marginal production only.

(6) That the proposed commingling may result in the recovery
of additional hydrocarbons from each of the subject pools, thereby
preventing waste, and will not violate correlative rights.

(7) That the reservoir characteristics of each of the subject zones are such that underground waste would not be caused by the proposed commingling provided that the well is not shut-in for an extended period.

(8) That to afford the Division the opportunity to assess the potential for waste and to expeditiously order appropriate remedial action, the operator should notify the Aztec district office of the Division any time the subject well is shut-in for 7 consecutive days.

(9) That in order to allocate the commingled production to each of the commingled zones in the subject well, 80 percent of the commingled production should be allocated to the undesignated Dakota zone, and 20 percent of the commingled production to the undesignated Gallup zone.

IT IS THEREFORE ORDERED:

(1) That the applicant, Dugan Production Corporation, is hereby authorized to commingle undesignated Dakota oil and undesignated Gallup oil production within the wellbore of its June Joy Well No. 2, located in Unit B of Section 25, Township 24 North, Range 10 West, NMPM, San Juan County, New Mexico.

(2) That 80 percent of the commingled production shall be allocated to the Dakota zone and 20 percent of the commingled production shall be allocated to the Gallup zone.

(3) That the operator of the subject well shall immediately notify the Division's Aztec district office any time the well has been shut-in for 7 consecutive days and shall concurrently present, to the Division, a plan for remedial action.

(4) That jurisdiction of this cause is retained for the entry of such further orders as the Division may deem necessary.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.
