If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.) \*

Coleman Oil and Gas has laid a gas line to sell the gas from this well at a location in the SESE of Section 22, T24N, R8W. The gas is being sold to Mesa Operating Limited Partnership at the above location.

By means of this notice, we request permission for off lease metering of gas from our Anderson #1 Well.

Gas production is expected to be less than 50 Mcf/D. At this rate, the purchaser would not lay a line to purchase gas on our location.
