Gentlemen:

Our records do not show that a permit for multiple completion was ever issued on the above captioned well, in compliance with Commission Order 112-A.

We have not received the packer-leakage test report for 1975.

Will you please submit a request for multiple completion and a recent packer-leakage test report?

The transporter will be requested to shut-in the well after thirty days if these reports have not been received.

If there are questions, please contact this office.

Yours very truly,

N. E. Maxwell, Jr.
Engineer, District #3
