Re: Downhole Commingling Application
Canyon Largo Unit No. 447
Unit G, Section 24, T-25N, R-7W, NMPM
Rio Arriba County, New Mexico

Dear Ms. Bradfield:

Please be advised that upon review of the subject application, it was determined that the subject well does not qualify for administrative approval due to the high pressure in the Dakota formation (please see Rule No. 303.C.(1)(b)(ii)). I am therefore returning your application.

If Burlington wishes to pursue approval of the application, please advise and it will be set for hearing before a Division examiner.

Sincerely,

David Catanach
Engineer
