Four-Corners Pipeline Corp.
Box 403
Flagstaff, Arizona

Gentlemen:

This letter is written to verify conversation with Mr. George Benson regarding running oil produced from Shell's Mudge 4 #41-21 well located in section 21-25N-12W.

It is our understanding that the oil from this well will be measured on the #4 Mudge lease and then trucked to the Carson Unit Central storage. This letter will serve as your authorization to run this oil from the Carson Unit central storage.

Yours very truly,

Emery C. Arnold

Dear Sirs:

This letter is written in reply to your letter of March 24, 1955, regarding the proposed lease of the Four-Column Pipeline Corp. to the United States Government. The letter is being forwarded to the Bureau of Reclamation, Washington, D.C., for their consideration.

It is our understanding that the oil from this well will be produced on the 40 acre lease and then shipped to the United States Government. This letter will serve as your authority to run this oil from the Canyon Unit central storage.

Very truly yours,

Henry C. Smith
Superintendent, Arizona
