Mr. John A. Egan, Agent  
T. JACK POSTER  
Box 512  
Farmington, New Mexico

Dear Sir:

This letter will constitute formal approval of unorthodox location for your Foster Well No. 2, to be located 360 feet from the north line and 1450 feet from the east line of Section 17, Township 26 North, Range 7 West, NMPM, Rio Arriba County, New Mexico.

It is apparent that such deviation from the Commission's regular spacing rules is necessary for reasons of topography. The approval is granted by authority given me in Rule 104, Paragraph 'f', of the Commission's Rules and Regulations.

Very truly yours,

R. R. Spurrier,  
Secretary - Director

The Oil Conservation Commission  
State of New Mexico  
Santa Fe, New Mexico

Gentlemen:

Request is made herein for an exception  
to an orthodox location as prescribed for Pictured  
Cliffs wells in Rio Arriba County; said location  
being as follows:

T. Jack Foster  
No. 2 Foster  
560' fr North Line-1450' fr East Line  
Section 17, T 26 N-R 7 W  
Rio Arriba Co., N.M.

This request is based upon Topographic  
considerations as the location as proposed is in  
a small canyon at the base of a 500' mesa. There is  
no road to the top of the mesa at present.

Submitted with this request are waivers from  
leasehold owners to the north.

Very truly yours,

T. Jack Foster
