17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

It is proposed to set a permanent production packer at approximately 7450' on 2 7/8" NU 6.4#, J-55 casing and cement annulus outside of 2 7/8" from the packer back to the surface. This action will be taken due to an apparent failure in the existing production casing.
