El Paso Natural Gas Company

El Paso, Texas 79978 Tulv 24, 1973

- :ADDRESS REPLY TO Post office Box 990 Ington, New Mexico 8740

Mr. Jerry Long U. S. Geological Survey Post Office Box 1809 Durango, Colorado 81301

> Application for Permit to Drill San Juan 28-7 Unit #183 SWNE/4 Section 1, T-27-N, R-7-W Basin Dakota

Dear Mr. Long:

Details regarding existing roads, pipelines, wells, etc. relative to the above well location are included on the previously submitted base maps, "Field Road Map" and "Composite Map No. 1".

The proposed new well location, new roads and new pipeline are shown on the attached plat along with connecting existing roads and pipelines in the vicinity of the proposed new well.

Water for drilling and completion operations will be obtained from a water hole located in Carrizo Creek. Waste material will be disposed of by burial in the burn pit, latrine, or reserve pit as applicable. There will be no camp nor air strip associated with drilling this well. Upon completion or abandonment of this well, the location will be cleaned and leveled and a dry hole marker placed, if applicable.

Yours truly,

D. G. Brisco **Drilling Clerk**

W. B. Brices
