13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

We request approval for long term shut in. We plan to produce this well, contingent on well tests and mechanical constraints, in the last half of 1994. Please refer to our letter to Ken Townsend dated July 21, 1994. The location will be cleaned up if necessary. The tubing and rods in the well will not be altered, except as required for testing purposes.
