17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Permission is again requested for long term shut-in status. There is no pipeline in this vicinity and to our knowledge there are no pipeline companies anticipating such installation. Considering current market conditions, it is highly unlikely to be considered an economic venture. We, therefore, anticipate shut-in status to continue indefinitely.
