SG is requesting an extension of shut in status for the subject well (current approval will expire 1/1/2000). This well is one of five wells scheduled to be completed and put on line as soon as we can construct our West Bisti Gathering System, which was finally approved by the Resource Committee of the Navajo Nation on October 26, 1999. We are awaiting final approval from the BIA and plan to start construction as soon as possible. SG will complete this well (as set out in our original APD) and connect it to the pipeline, hopefully on or before June, 2000.

THIS APPROVAL EXPIRES JUN 01 2000
