13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

It is intended to attempt to isolate water production from this well by testing individual sets of perforations with a packer. If the test is conclusive as to the origin of water production, remedial work will be evaluated.

It is planned to begin this test approximately 8/20/94.
