DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Amoco Production Company is waiting on production results from the Jicarilla Tribal No. 519 and the Jicarilla Tribal No. 525 before submitting a completion report on the subject well. Once the results are obtained, evaluations for further completion work will be made. The three wells have been drilled in an area that has never been developed prior to this time.
