Dear Pete:

We have been notified by El Paso Natural Gas Company that they have converted their #68 SJU 28-7 in the NE $\frac{1}{4}$ Section 31-28N-7W to a single completion well in the Mesaverde formation. This well was originally a dual completion in the Pictured Cliffs and Mesaverde formations. Therefore their application for dual completion on this well should be disregarded.

Yours very truly

Emery C. Arnold

Albuquerque, New Mexico

Dear Sir:

On March 2, 1937, notified by El Paso Natural Gas Company that they
were concerned their No. 250 well in the El Paso section of the
in a large completion well in the El Paso section. This well
was originally a dual completion in the El Paso section and
under the formation. Therefore, their application for dual
completion on this well should be considered.

Very truly yours,

Earl C. Brown
Supervisor, District #3
