Dear Mr. Duncan:

We have received copies of Federal Notice of Intention to Drill for your #2 Skelly Government well located in the SE₄ Section 15-27N-9W. This well is located within the horizontal limits of a producing Pictured Cliffs gas pool and it will therefore be necessary that a 2-stage tool be utilized below the Pictured Cliffs Formation so that cement may be placed across the Fruitland and Pictured Cliffs Formations.

Will you please indicate your intention to do this by letter so that our file may reflect it.

Yours very truly
