General: This form is designed for submitting proposals to perform certain well operations, as indicated, on all types of lands and leases for appropriate action by either Instructions

a Federal or a State agency, or both, pursuant to applicable Federal and/or State laws and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local, area, or regional procedures and practices, either are shown below or will be issued by, or may be obtained from the local Federal and/or State office.

Item 1: If the proposal is to redrill to the same reservoir at a different subsurface location or to a new reservoir, use this form with appropriate notations. Consult

applicable State or Federal regulations concerning subsequent work proposals or reports on the well.

Item 14: Needed only when location of well cannot readily be found by road from the land or lease description. A plat, or plats, separate or on this reverse side, show-Item 4: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local ing the roads to, and the surveyed location of, the well, and any other required information, should be furnished when required by Federal or State agency offices. Items 15 and 18: If well is to be, or has been directionally drilled, give distances for subsurface location of hole in any present or objective production zone. Item 22: Consult applicable Federal or State regulations, or appropriate officials, concerning approval of the proposal before operations are started. State or Federal office for specific instructions.

NEW MEXICO OIL CONSERVATION COMMISSION Well Location and Acreage Dedication Plat

SECTION A.	Date AUGUST 27, 1964
Operator PAN AMERICAN PETROLEUM CORPORATION Lease FEDE	ERAL GAS UNIT "G"
Well No. 1 Unit Letter C Section 8 Township 27 Located 990 Feet From North Line, 1650 County San Juan G. L. Elevation REPORT LATER Dedicated	Range 12 WEST NMPM Feet From WEST Line
1. Is the Operator the only owner* in the dedicated acreage outlined on the pla	ot below? Yes
2. If the answer to question One is "No," have the interests of all the owne agreement or otherwise? Yes. X. No	rs been consolidated by communitization of Consolidation Communitization all acreage in the W/2 of Section
1	1964 CON. COM.
	tion in Section A above is true and complete to the best of my knowledge and belief.
