DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

It is intended to change the location of this well from 940' from North and 1690' from East lines of Section 2, Township 27 North, Range 10 West, to the above location, and to drill the well as previously planned.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
