If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

We request that this well be allowed to continue shut-in status until a pipeline right-of-way can be acquired from NAPI. The application for the line is before NAPI. It has been considered three different times. The dispute between NAPI and The Navajo Nation over to whom damages will be paid continues to postpone a decision on granting the ROW. This matter will again come before NAPI later this month. We feel that an agreement is close. The sales line will be constructed as soon as the ROW is granted.
