## El Paso Natural Gas Company

El Paso, Texas April 25, 1961

ADDRESS REPLY TO-POST OFFICE BOX 997 FARMINGTON, NEW MEXICO

Mr. A. L. Forter, Secretary & Director Oil Conservation Commission Box 871 Santa Fe, New Mexico

Dear Mr. Porter:

This is a request for administrative approval for an unorthodox gas well location in the Easin Dakota Pool.

It is intended to locate the well, El Paso Natural Gas Co. Lackey "B" No. 15, 330 feet from the North Line and 1715 feet from the East Line of Section 29, Township 28 North, Range 9 West, N.M.P.M., San Juan County, New Mexico. The N/2 of Section 29 is dedicated to the well.

As shown on the enclosed plat, the NE/4 of Section 29 consists of high rock ledges and one existing well, the Lackey No. 4-B (MC) completed in the Chacra and Mesa Verde formations. The only accessible land for a well in the NE/4 is that which makes the location unorthodox. It is, therefore planned to make the location unorthodox in order that the extremely high cost of constructing an orthodox location be avoided.

Since El Paso Natural Gas Company holds all leases within the 790' radius, the consent of any other operators has not been sought to said location.

I am enclosing two copies of the certified well location plat, and two copies of the notice of intention to drill.

Yours very truly,

OR G NAU SIGNED E.S. OBERLY
