Dear Sir:

We have received copies of the Gas Well Plat covering your #1 Zachry well in the SW/4 12-28N-10W, Fulcher-Kutz Pool. You show the acreage to be 130.65. In checking our Government survey plats we find the acreage to be 134.36 for the west half of partial section 12, which is what you are dedicating. Will you please change your acreage for this unit or validate the figure which you have given on the plat?

It will also be necessary for you to obtain administrative approval on this unit before the well is given an allowable. We are enclosing memorandums setting out the procedure.

Yours very truly

Emery C. Arnold
