13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

On January 29, 2002, BP America Production Company obtained verbal permission to perform a bradenhead repair on our Navajo Allotted Gas Com B # 1 well. On January 30, 2002, BP America filed a Sundry Notice indicating the procedure we intended to follow in order to perform the subject bradenhead repair, HOWEVER, the Sundry Notice we filed erroneously indicated the lease to be the Navajo Allotted Gas Com A # 1A well. This is to advise no well work was intended for nor was it performed on the Navajo Allotted Gas Com A #1A well. Corrected Sundry Reports are being filed for the Navajo Allotted Gas Com B # 1 well.

14. I hereby certify that the foregoing is true and correct. Electronic Submission #10643 verified by the BLM Well Information System For BP AMERICA PRODUCTION COMPANY, sent to the Farmington
