Re: Deliverability Testing - Basin Dakota  
E. H. Pipkin Nos. 5, 5-E, 6, 6-E  
Sec. 36, T28N-R11W  
San Juan Co., New Mexico

Dear Mr. Chavez:

As per our discussion, via telephone this date, the subject wells are scheduled for deliverability testing during the month of August. These wells are included in two gas proration units currently shut-in for exceeding the overproduced limitations. BHP Petroleum respectfully requests approval to perform this testing. The wells will only be flowed long enough to complete the deliverability test. Any questions concerning this matter should be directed to the undersigned.

Sincerely yours,

BHP PETROLEUM (AMERICAS) INC.
