13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

On March 22, 1994 a workover unit was rigged up on this well to change out plugged tubing. During this operation pressure testing of the casing identified casing leaks at 3435'. A Conoco field representative called the BLM office requesting verbal approval to repair the casing leak. A subsequent Sundry has been filled detailing the results of the operations.
