13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

While attempting to set packer and test casing, the well started flowing from the present formation (Pictured Cliffs). Therefore we did not recomple to the Fruitland Coal. Well is still producing from the original formation as drilled.
