Re: Gallegos Canyon Unit 227E
Sect. 20 T 28N R 12W Unit Letter C

Ms. Dorothy Jacquez,

Please find attached an amended C-104 with the correct tubing depth of 4801', correct depths for 8-5/8" & 4-1/2" csg and corrected sks of cmt. We have an approved C-103 to DHC. However, there is a CIBP set @ 5800' to isolate the lower DK zone. The well is producing from the PC only and is not commingled at this time.

The subsequent completion report that was filed 11/13/01 and approved by the BLM 11/26/2001 has an incorrect field name in item #10. The report says Kutz Canyon but the field name should be Kutz Pictured Cliffs, West.

I hope this answers your questions. Should you have any questions please contact me at the below number.

Sincerely,

Cherry Hlava
