REF: Curtis J. Little, Operator
Federal Comm. Well No. 2-E
Unit N, Section 11-T28N-R13W
San Juan County, New Mexico
Hardship Gas Well Classification
Order No. R-7784

Dear Mr. Lemay:

As per Order No. R-7784, this is a request on behalf of the above-referred-to operator, for extension of the Hardship Classification past May 31, 1987, for the above-referred-to well.

It is also requested that the extension be for one (1) year or until May 31, 1988.

Due to the Hardship Classification, the well maintained a good producing condition since November 1984. It has not been necessary to swab or use any other method to remove water from the well.

The following is a tabulation of the production from the well:

<u>YEAR</u>	<u>MONTH</u>	<u>MONTHLY PRODUCTION MCF</u>	<u>MONTHLY WATER PRODUCTION BBLS</u>	<u>PRODUCING DAYS</u>	<u>DAILY AVERAGE MCF</u>
1986	June	2300	30	30	77
	July	2271	37	31	73
	August	2219	34	31	72
	September	2369	27	30	79
	October	1995	28	31	64
	November	1997	21	30	66
	December	2262	36	31	73
1987	January	2092	15	31	67
	February	1808	37	28	65
	March	1993	37	31	64

Page 2
William J. Lemay

The producing rate did not exceed the 80 MCF per day approved maximum rate during the producing months.

According to the April 1987, Northwest Gas Proration Schedule, the proration unit in which the well is located was under produced by 21,814 MCF.

As presented during Case No. 8217, any extended shut in period for the well, will in all probability, affect the volume of gas that could ultimately be recovered from the reservoir. The affect would be due to produced water extrusion and damage of the reservoir.

Thank you for your consideration in granting an extension of the Hardship Classification for one (1) year.

Very truly yours,

A handwritten signature in dark ink, appearing to read 'Ewell N. Walsh', written in a cursive style.

Ewell N. Walsh, P.E.
President
