*Re: Administrative application of an unorthodox Gallup oil well location for the existing T. L. Rhodes "C" Well No. 3-E (API No. 30-045-26200) located within the NW/4 equivalent of Section 31, Township 28 North, Range 11 West, NMPM, San Juan County, New Mexico.*

Dear Mr. Cox:

The New Mexico Oil Conservation Division's Aztec district office informed me yesterday that a recompletion of this well into the Gallup formation will be subject to the Kutz-Gallup Oil Pool, which is governed under Division Rule 104.B (1) requiring 40-acre spacing and for wells to be located no closer than 330 feet from the boundary of the 40-acre tract.

This application is deemed incomplete and is hereby withdrawn. I am returning it to you at this time so that proper changes can be made and resubmitted accordingly.

Sincerely,

Michael E. Stogner  
Chief Hearing Officer/Engineer
