13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

The work proposed for this well in the February 1997 Sundry was never approved, thus never performed.

Marathon Oil Company respectfully request an extension of LONG TERM TA STATUS for this well. This well has deepening potential. A casing integrity was performed but the chart has not been received by the Hobbs office. As soon as we receive the chart a Subsequent Report will be sent.
