	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be files within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

CORRECTION TO THE REVIOUSLY SUBMITTED APPLICATION. Application is for subsurface rather than surface commingling. On August 4, 1999, Amoco Production Company submitted a request for permission to complete into the Blanco Mesaverde and commingle production downhole with the existing Basin Dakota completion. Approval was granted August 30, 1999. NMOCD DHC Order 2475 was approved December 03, 1999. In the 3rd quarter of 2000 a decision was made to cancel the recompleat and downhole commingling operations and we so advised the BLM. We respectfully request permission to procede with the recompleat and downhole commingling operations as per the attached procedure.

Electronic Submission #3961 verified by the BLM Well Information System for AMOCO PRODUCTION COMPANY Sent to the Farmington Field Office
Committed to AFMSS for processing by Maurice Johnson on 05/04/2001
