RE: ADMINISTRATIVE APPROVAL OF UNORTHODOX LOCATION
LACKEY 4R/PICTURED CLIFFS WELL (30-045-30436)
2340' FNL & 1765' FEL
SECTION 19-T29N-R9W
SAN JUAN COUNTY, NEW MEXICO

Dear Mr. Stogner:

Energen Resources Corporation hereby requests administrative approval for an unorthodox location of its Lackey 4R Pictured Cliffs Well under the provisions of NMOCD Order #R-1670R.

The Largo Canyon flows through the NE/4 of Section 19 in such a manner that a well site cannot be constructed at a legal location (see attached plat). Our proposed location is 2,340' FNL & 1,765' FEL of Section 19-T29N-R9W and will use part of Cross Timbers Oil Companies' Snyder Gas Com B #1 (2400' FNL & 1625' FEL of Section 19) well pad. We have arranged to extend Cross Timbers existing pad as it is on the edge of a steep drop off prohibiting any further northerly movement. 2430'

The well we are replacing (Lackey #4) was also drilled at an unorthodox location further east and north being 2134' FNL & 1190' FEL of Section 19, as was allowed under Administrative Order NSL-475, approved December 7, 1970. (see enclosed)

A copy of this application is being submitted to all offset operators by certified mail with a request that they furnish your office in Santa Fe a Waiver of objection.

Attached is a well location plat showing dedicated acreage, a topographic plat of the area and a map showing offset operators.

Sincerely,

Richard Corcoran
District Landman

Re: *Administrative application for an exception to Rule 104.C (3) for Energen Resources Corporation's proposed Lackey Well No. 4-R (API No. 30-045-30436) to be drilled at an unorthodox Pictured Cliffs gas well location 2340 feet from the North line and 1765 feet from the East line (Unit G) of Section 19, Township 29 North, Range 9 West, NMPM, Aztec-Pictured Cliffs Pool, San Juan County, New Mexico.* 2430

Dear Mr. Corcoran:

Please submit a copy of Division Administrative Order NSL-475 that was referenced in your application. Also since the Santa Fe office is in the long process of a very disorganized move I have no way of researching the history of the Lackey Well No. 4. To speed the processing of this application (and for any application for that matter) I am in need of a short historical outline of this well: i.e. it's spud date, completion date, plugging date, production history, its current statues, and Enrgen's intent

Thank you.

Sincerely

Michael E. Stogner
Chief Hearing Officer/Engineer
