13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

The subject well was on your shut-in list and approval was given Phillips to keep this well shut-in until we could prove it economically feasible to connect it to a pipeline. We worked out the pipeline connects with WFS and the subject well was first delivered 11/18/97. This well can now be removed from the shut-in list.
