Dear Sir:

We have received two copies of Federal Notice of Intention to Drill for your #1 Callow "B" well in SE4 Section 31-29N-13W.

This well is located within one mile of the West Kutz-Pictured Cliffs Pool boundary. It will, therefore, be required that the Pictured Cliffs formation be covered with cement. We are therefore approving the Notice of Intention to Drill subject to compliance with the above requirements.

Yours very truly

Emery C. Arnold
