Mr. Alton R. Kendrick  
New Mexico Oil Conservation Commission  
1000 Rio Brazos Road  
Aztec, New Mexico 87410

Dear Mr. Kendrick:

This is with reference to my G. H. Callow well No. 1, Unit Letter I, Sec. 27, T29N, R13W, San Juan County, New Mexico in the Kutz Pictured Cliffs, West Gas Field. Due to this well's inability to produce for any consistent length of time, I am requesting that it be classified exempt marginal. We have tried on several occasions to test the well but it will not produce sufficient periods to perform the test. Your records will indicate a marginal production history for some time.

Thank you for your consideration and attention to the above.

Yours very truly,

*W M Gallaway*

G. H. Callow #1-I-27-29-13

This is one of the wells which does not produce well enough to be classified as M, but it went into the period as an over-produced well. It really needs to be XM.
