The landowner, Fred G. Armenta has requested through the NMCD, Aztec District Office that the above ground P&A marker be removed from the above well for farming purposes. XTO Energy Inc. is performing this service as a good faith effort for the landowner, as the well was plugged by Amoco Production Company, 03/17/1993. The marker will be dug out and replaced with a steel plate stenciled with the required information at a minimum of 3' below ground level. A GPS survey has been performed on the P&A marker site indicating: NAD 83, Lat: 36.698238555N, Long: 107.865923276W.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
