Re: Request for exception to annual deliverability
testing procedure, L.V. Hammer "B" #1
Blanco Mesaverde Field

Dear Sir:

Permission is hereby granted for the testing of the above-named well
as set out in your letter of March 26, 1958.

It is understood that the well will be flowed through both casing
and tubing during the flow period. It is also understood that any
friction calculations made will be made accordingly.

Yours very truly

Emery C. Arnold
Supervisor, District #3
