Albuquerque, New Mexico*

*Gentlemen:*

*In checking our files we find that your #1 Martin well located in Unit H-24-29N-11W, Aztec Fruitland Pool was connected to the pipeline November 13, 1958 and has never had a deliverability test filed.*

*We are enclosing a copy of Order R-333-C and D, which is the gas well testing order for the San Juan Basin. Will you please schedule this well for test as required by this Order.*

*Yours very truly*

Department of Conservation  
1000 Rio Brazos Building  
Albuquerque, New Mexico

Dear Sir:

In connection with the fact that you have been well known  
in the State of New Mexico, I am writing you to inform you that  
the State of New Mexico has a law which requires that all  
oil wells be tested for gas before they are drilled.

We are enclosing a copy of Order R-333-3 of the State of New Mexico  
which requires that all oil wells be tested for gas before they are  
drilled. This law is for the protection of the public and is  
very important.

Sincerely,  
New Mexico Oil Conservation Commission

Very truly,  
Director, Department of Conservation
