*Re: Tenneco #4 Moore, H-5-30N-8W  
Blanco Mesaverde Pool*

*Gentlemen:*

*The above well was acquired by your company recently from Delhi-Taylor Oil Company. It has come to our attention from the annual deliverability test which was filed with this office by Delhi-Taylor prior to the transfer that casing failure has occurred in this well. This fact is indicated by the abnormally low shut-in pressure of 580# and also by the flow rate which is about  $\frac{1}{4}$  of the flow rate of the previous year's annual deliverability test.*

*You are, therefore, directed to take immediate remedial action to repair the casing in this well in order to prevent the waste of gas reserves from the Blanco Mesaverde reservoir. Please submit Form C-102 to this office setting out your remedial plan prior to commencement of operations.*

*Yours very truly*
