DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate muddling jobs, cementing points, and all other important proposed work)  
Refer to Form 9-File dated January 21, 1952, Notice of Intention to suspend operations, which was approved January 22, 1952.

Cable tool operations were resumed at this well midnight, Sunday, February 4, 1952.

We hereby request approval of the suspension of cable tool operations at this well for the period December 19, 1951, to and including February 4, 1952, due to bad weather conditions.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
