Re: Unorthodox Location
Rosa Unit #240
SE/4 Sec. 1, T31N, R6W

Dear Mr. Stogner:

The subject well has been staked in the SE/4 of Sec. 1 which violates Rule 7 of Order R-8768.

Navajo Lake covers the SW/4 of Sec. 3 making a standard location very difficult (see attached map).

Northwest Pipeline seeks administrative approval for this unorthodox location.

No offset operators exist thus notification will not be required.

Sincerely,

Mike Turnbaugh, Senior Engineer

Re: Application for Non-Standard
Gas Proration Unit
Rosa Unit #240
SE/4 Sec. 1, T31N, R6W
Dedicated Acreage: 303.88 (all of Sec. 1)

Dear Mr. Lemay:

Northwest Pipeline Corporation requests permission to produce the above captioned well as a Non-Standard Gas Unit. The unorthodox size of this unit is necessitated by a variation in the legal subdivision of the U.S. Public Land Survey. The offset operators have been notified where applicable of our intentions by certified mail and they will forward any objections directly to your office. Copies of these letters along with the receipts for certified mail are enclosed.

Sincerely,

Mike Turnbaugh
