Att: Mr. L.O. Speer, Jr.

Dear Mr. Speer:

I am returning herewith your Stanolind Oil & Gas Co.'s Likins Gas Unit No. 1 located in the NE $\frac{1}{4}$ SW $\frac{1}{4}$  Sec. 34, Twp. 30 N, R 9 W., in the Blanco (Mesaverde) pool, which I find incomplete, inasmuch as you did not describe the particular half-section that should be dedicated to this well.

I am also enclosing a copy of the revision of Rule 104 which became effective January 1, 1950, and call your attention to Paragraph "E", which says: "Notice of Intention to Drill (Form C-101) for any well shall designate the exact legal subdivision allotted to the well and no C-101 will be approved by the Commission or any of its agents without proper designation of acreage".

Just as soon as this is completed and you return the papers to me, your approved copy will be mailed to you.

Yours very truly,
