Mr. A. L. Porter  
Secretary and Director  
Oil Conservation Commission  
Post Office Box 871  
Santa Fe, New Mexico

ADDRESS REPLY TO  
POST OFFICE BOX 1565  
FARMINGTON, NEW MEXICO

Dear Mr. Porter:

This is a request for Administrative Approval of an Unorthodox Location in the Horseshoe Canyon Gallup Pool. This location, our Horseshoe Canyon No. 7, is located 1673' from the South Line and 1628' from the West Line of Section 3, Township 30-N, Range 16-W, NMPM, San Juan County, New Mexico. The NE SW of Section 3 is dedicated to this well. This well is to be drilled through the Gallup Formation and then all possible producing zones will be perforated and sandall fractured. This location is on a rock ledge on the steep slope of the side of a canyon. It would be extremely hard and expensive to make an Orthodox Location and your approval of this request would be greatly appreciated.

Mr. Tom Bolack owns the lease in the NW SW of Section 3 and he has been notified by Registered Letter of our intention to build this Unorthodox Location.

Attached you will find two copies each of the Intention to Drill, Well Location and Acreage Plat, and Plat showing Offset Operators.

Very truly yours,

Original Signed EWELL N. WALSH
