Mr. Lowell Parrish
Division Superintendent
El Paso Natural Gas Company
216 Aztec Blvd. N. E.
Aztec, NM 87410

Dear Mr. Parrish:

Request El Paso Natural Gas Company immediately connect the Sanare de Cristo well No. 2 into existing meter run No. 2900401.

Casin head gas (Farmington Sand) previously sold through meter run No. 2900401 will be terminated and stubbed off at the well head. This will allow Sanare de Cristo No. 2 (Fruitland gas only) to be sold exclusively through this existing meter run No. 2900401.

The reason this course of action will be taken is due to El Paso Natural Gas Company's reticence in supplying an additional meter run.

Reservoir engineering Study reflecting chronological pressures and production data is enclosed.

Sincerely,

Orville Slaughter
