1. The first of these is the fact that the Commission has not yet received any information from the Government of the United States regarding the activities of the Committee for the Liberation of the People of the East (CLPE) in the United States. This is a serious matter, as the CLPE is a known and active organization which has been operating in the United States for many years. It is a member of the National Front for the Liberation of China (NFLC) and has been active in recruiting and training Chinese agents for operations in the United States. The Commission is therefore very concerned that the Government of the United States is not providing it with the information it needs to carry out its duties. It is therefore requesting the Government of the United States to provide the Commission with the information it needs as soon as possible.
