In reply to your letter of October 22, 1964, regarding the Workover to relieve the pressure on the Bradenhead of the subject well, we are in the process of securing approval from our own Management and from El Paso, who is a joint interest owner with us.

As soon as approval is secured, I will visit with you by phone to determine the procedure necessary to satisfy the Conservation Commission.

Mr. Oberly, with El Paso, agreed that a Workover was in order and was of the opinion that our RFE would be cleared through them quickly.

Your consideration of this matter is appreciated. I am looking forward to visiting with you about this matter.

Very truly yours,

ROCK ISLAND OIL & REFINING CO., INC.
