Dear Mr. Arnold:

Enclosed for filing is report form #C-103 on the McCoy Unit, N/2 Sec. 18, 31-10 N.M.P.M. We have been advised by our field representative that he reported to you our intent to rework and that the enclosed report is a requirement, and when the post rework deliverability test has been completed, that is to be filed with you also.

As we are unsure of what reports are required to be filed before, during and after rework operation, we would appreciate your advising us of any deficiencies which might exist in our file on the above unit.

We would greatly appreciate any assistance which you can render in complying with requirements of the Oil and Gas Commission.

Very truly yours,

BEAVER LODGE OIL CORPORATION
