ORDER OF THE COMMISSION

BY THE COMMISSION:

This cause came on for hearing at 9 o'clock a.m. on July 27, 1960, at Santa Fe, New Mexico, before Daniel S. NOW, on this 4th day of August, 1960, the Commission, a quorum being present, having considered the application, the evidence adduced, and the recommendations of the Examiner, Daniel S. Nutter, and being fully advised in the premises,

FINDS:

(1) That due public notice having been given as required by law, the Commission has jurisdiction of this cause and the subject matter thereof.

(3) That the said Navajo "A" Well No. 9 offsets a proposed pressure maintenance project in the Horseshoe-Gallup Oil Pool to be instituted by Humble Oil & Refining Company.

(4) That the applicant, with the concurrence of Humble Oil & Refining Company, desires to convert said Navajo "A" Well No. 9 to water injection in order to create a water barrier thus lessening the migration of oil across lease lines.

(5) That the applicant requests that upon conversion of said well to water injection, it be assigned an allowable equal to top unit allowable for the Horseshoe-Gallup Oil Pool with permission to transfer said allowable to other wells on the same lease.
